56% of the youth from different schools responded to our survey during the time period of 1/8/2015 - 6/6/2015. The vast majority (79%) were MCPS students. However, some were from Martinsville HS, Owen Valley HS and Harmony School.

The teachers/staff at my school are supportive of LGBTQ+ youth.

The teachers/staff at my school intervene appropriately when verbal or physical harassment regarding sexual orientation, gender identity, or gender expression occurs.

If I wanted to talk about issues surrounding sexual orientation, gender identity, or gender expression, there are multiple teachers/staff that I could talk to that would be supportive.

35% of students have felt unsafe at school.

20% of students have not gone to school at least once.

12% of students have not joined activities, teams, or clubs at school.

26% of students have been afraid to go to school at least once.

22% of students have not attended school functions such as dances, games, etc.

52% of students feel that more education for teachers/staff at their school regarding LGBTQ+ youth would be valuable.
